CEU Exemption Letters:

Sky Baski requested an audience with the committee. Arrangements were made for him to call in at 2:30 or 3:00 p.m. He explained his reasoning for requesting a waiver to be exempt from CEUs.
Mr. Baski was informed this Committee will deliberate then take to the board with their recommendation. When board has made the final decision Mr. Baski will be informed.
The Committee's recommendation to the full board is he needs to follow the same rules as every other licensee.

Gregory Bartling requesting a permissive exemption. Request for documentation from physician. That documentation will be returned to Mr. Bartling after the committee reviews.

Michael Ingalls, Paul Reeves & Alan Reeves working out of state last two years requesting a waiver from CEUs. Additional information including verification from employer as to duration of time out of state will be requested.

Steve Theisen requesting blanket approval from the committee as long as individual is an authorized trainer through OSHA. The Committee agreed there will be no blanket approval for any course and/or instructor that does not go through our established procedure. Simply he needs to complete the forms.
