## Overview of the Iowa WIC Program

| What is WIC? | WIC (the Special Supplemental Nutrition Program for Women, Infants, and Children) is a nutrition program for women, infants and children. WIC was established by the U.S. Congress in 1973 in recognition of the need for adequate nutrition during pregnancy and early childhood, especially among limited income families. The Iowa WIC Program provides nutrition education, breastfeeding support, supplemental foods, and referrals for health services to approximately 70,000 individuals per month. |
| Who is eligible for WIC? | WIC services are available to women who are pregnant or who recently had a baby, as well as for infants and children up to the age of 5. Participants must meet income eligibility criteria (less than 185 percent of the federal poverty guidelines), must be a resident of Iowa, and be determined by a licensed dietitian to have a nutrition need. |
| How is WIC funded? | The Iowa WIC Program is funded by the United States Department of Agriculture through the Iowa Department of Public Health, Bureau of Nutrition & Health Promotion. |
| What is my role as a special purpose vendor? | Special purpose vendors may be retailers of any type of merchandise, but may accept WIC food instruments only for the infant and special formulas listed on the front of each WIC food instrument. Special purpose vendors are required to provide the specified formula within 48 hours or within 72 hours if a weekend or holiday is involved. Special formula inventory must be maintained for as long as there is a participant in the area that requires the special formula. Prices charged to WIC participants must be equal to or less than the prices charged to all other customers. |
| Electronic Benefit Transfer (EBT) | Iowa is planning to move from the paper food instrument to an Electronic Benefit Transfer (EBT) card. This transition may occur during the October 1, 2012 – September 30, 2015 time period. The State WIC office will remain in close contact with vendors as this process moves forward. It will be important for the WIC Program to have the ability to communicate with vendors via e-mail/electronic communication. |

Application Process

Directions

The information in this written application must be completed fully and accurately. The application must be received within 60 days of the initial request for an application. Failure to do so will result in the application being denied. Completed applications should be mailed or faxed to the Iowa Department of Public Health, Bureau of Nutrition & Health Promotion and WIC, 321 East 12th Street, Des Moines, Iowa 50319-0075, fax (515) 281-4913.

Note: When an application is faxed, the original application still must be mailed to the Department.

Application review

New vendor applications will be accepted at anytime during the year. The Department will review each application within five working days of receipt and determine if the retail outlet meets the selection criteria listed in the Iowa Administrative Code, Chapter 73. The Department may, at its discretion; request a retailer to resubmit an application prior to completing the review if the application is incomplete and determination of eligibility cannot be made.

If the application shows that the retailer does not meet one or more of the selection criteria, the Department will deny the application. If the retailer’s application indicates that the retailer would qualify, the Department will make an on-site visit to verify the information in the application is accurate.

On-site visit

Department staff will contact the retailer to make an appointment for an on-site review. During this visit staff will verify the information contained in the application, explain Iowa WIC Program regulations that vendors must follow, and provide training. The manager and person responsible for store associate training must allow time at this appointment for training to be completed, taking approximately 60 minutes.

WIC Vendor Agreement

On submission of a completed application and a successful on-site visit, the Department and the retailer sign the WIC Vendor Agreement. Once the agreement is signed, an authorized vendor stamp will be provided with a WIC identification number.

Note: Retailers are not authorized to accept WIC checks until a WIC Vendor Agreement is executed.

The WIC Vendor Agreement expires when any of the following conditions occurs.

- When the agreement period ends;
- When ownership of the business named in the agreement changes;
- When the business in the agreement ceases operation, or
- When program violations warrant a disqualification from the program.

All Vendors must complete a new application to qualify for a new WIC Vendor Agreement at the end of the contract period. A vendor may not continue accepting WIC food instruments after the expiration date of the WIC Vendor Agreement.

## Denial of new agreement

The Department will not offer a new agreement if **ANY** of the following conditions apply:

- The vendor has failed to submit any of the requested Price Assessment Reports in the previous contract period.

**EXCEPTION:** A retailer may not be denied the offer of a new agreement if its exclusion would result in inadequate participant access.

## Change of ownership

If ownership of an authorized vendor changes or the operation ceases during the agreement period, the WIC Vendor Agreement becomes void. **The new owner must file an application and be approved prior to accepting WIC checks.**

## Notification

Vendors with a current WIC Vendor Agreement will be sent an application for reauthorization approximately six months prior to the expiration of their current agreement. Notification of acceptance or denial of the new application will be made at least 30 days prior to the expiration date of the current contract.
