SECTION 4 – PROPOSAL REVIEW PROCESS AND CRITERIA

4.01 Overview of Review Process

Review/evaluation of proposals submitted under this RFP will be conducted in three phases.

Phase I -- Technical Review: The first phase will involve a preliminary review by the IDPH staff of an applicant's compliance with the mandatory requirements, including technical requirements (section 3.01) and proposal content (section 3.02), for submitted proposals. Proposals which fail to satisfy technical requirements or proposal content may be eliminated from the proposal review. These proposals may be rejected and will not be returned to the applicant. IDPH will notify the applicant of a rejection that occurs during Phase I of the review process. The IDPH reserves the right to waive minor variances at the sole discretion of the IDPH. **(Appendix II)**

Phase II – Review Committee: Proposals determined to be compliant with technical requirements and proposal content will be accepted for the second phase of evaluation, which shall be completed by a review committee or committees established by the IDPH. The membership of the review committee(s) shall be determined by the bureau chief with input and oversight from the respective division director. The review committee(s) shall evaluate proposals in accordance with a point system. Each committee member will review the proposals and the evaluation criteria outlined in this chapter and assign a point total for each criterion. If an applicant is requested to make an oral presentation of the proposal pursuant to RFP Section 1.14, the committee members may consider the oral presentation of the applicant in determining the points awarded. **(Appendix III)**

The total score awarded by each committee member will be averaged to arrive at the final score (rounded to the nearest whole number) for each proposal and the proposals will then be ranked based on the average of the evaluation scores. IDPH staff may solicit additional input and recommendations from the review committee(s).

In the event competitive proposals receive an equal number of points for the same service delivery area or when IDPH receives more proposals than funding allows for, two division directors and the respective bureau chief administering the program may conduct a second review utilizing the same scoring process.

Phase III -- IDPH Review and Award: The third phase will be a final review. The IDPH will consider the submitted proposals and the review committee's scores and recommendations.

The IDPH may also consider geographical distribution, budget information, any information received pursuant to Sections 1.18 - 1.22 of the RFP, and any other information received pursuant to the procurement process. IDPH reserves the right not to award the contract to the applicant with the highest point average.

4.02 Scoring of Proposals

A maximum of 110 points may be awarded to each proposal. A **minimum average score of 66 or greater** is required for the proposal to be considered for funding. Proposals scoring less than the minimum average score will be rejected.

- A. All parts of each section are included and addressed.
- B. Descriptions and detail are clear, organized and understandable.
- C. Descriptions are responsive to the intent of the RFP objectives.
- D. The overall ability of the applicant, as judged by the evaluation committee, to successfully complete the project within the proposed schedule. This judgment will be based upon factors such as budget, project management plan and availability of staff.

Refer to **Appendix IV** for the Draft Contract Template. The Draft Contract Template included is for reference only and is subject to change at the sole discretion of IDPH.

The contract terms contained in the general conditions are not intended to be a complete listing of all contract terms, but are provided only to enable applicants to better evaluate the costs associated with the RFP and the potential resulting contract. Applicants should plan to include such terms in any contract awarded as a result of the RFP. All costs associated with complying with these requirements should be included in the proposal. If the contract exceeds \$ 500,000, or if the contract together with other contracts awarded to the Contractor by the IDPH exceeds \$500,000 in the aggregate, the Contractor shall be required to comply with the provisions of Iowa Code chapter 8F.

In particular, Contractors are expected to assist the local board of health in carrying out the three core functions of public health as defined in 641 IAC 77.3 (137): assessment, policy development and assurance. Examples of linking with the board of health include, but are not limited to:

- Submit reports to the local board of health on the effectiveness, accessibility, and quality of services provided.

- Be active in the Community Health Needs Assessment and Health Improvement Plan process.
- Provide the board of health expert input on the services provided and how those services relate to; the health priorities of the community and health improvement plans to address those priorities.

The contractor is expected to provide documentation of linkage efforts if requested by IDPH.

Results of the review process or changes in federal or state law may require additions or changes in final contract conditions requirements.

5.02 Incorporation of Documents

The RFP, any amendments and written responses to applicant questions, and the proposal submitted in response to the RFP form a part of the contract. The parties are obligated to perform all services described in the RFP and proposal unless the contract specifically directs otherwise.

5.03 Order of Priority

In the event of a conflict between the contract, the RFP and the proposal, the conflict shall be resolved according to the following priorities, ranked in descending order:

1. the Contract;
2. the RFP;
3. the Proposal.

5.04 Contractual Payments

The IDPH provides contractual payments on the basis of reimbursement of expenses in accordance with Iowa Code 8A.514. In the event the contractor lacks sufficient working capital to provide the services of the contract, an advance not to exceed one month's value of the contractual amount may be provided by the IDPH. One-third (1/3) of this advance will be deducted from eligible reimbursement of expenses for the 7th, 8th and 9th months of service.
