BEFORE THE IOWA BOARD OF MORTUARY SCIENCE

)	
IN THE MATTER OF:)	
)	Case No. MS 07-010
Mark Reed Kessler, F.D.)	
Lic. No. 02202)	CONSENT ORDER REINSTATING
)	SUSPENDED LICENSE
RESPONDENT.)	

The Iowa Board of Mortuary Science, with the consent of Mark Reed Kessler, enters the following Order reinstating Mr. Kessler's suspended funeral director's license:

- 1. The Board suspended Mr. Kessler's funeral director's license on November 5, 2009. As a condition of reinstatement Mr. Kessler was required to complete a comprehensive mental and sexual/professional boundaries evaluation. Mr. Kessler has completed the evaluation and the Board is satisfied he should be reinstated upon the terms set forth in this Order.
- 2. Mr. Kessler's funeral director's license is **REINSTATED** to active status. His license shall be on **PROBATION** until he completes the individualized boundaries training program sponsored by Dr. John Hung, Edina, Minnesota. Dr. Hung will take into consideration the Board's final order and the evaluation in designing the program for Mr. Kessler. To assure he is familiar with the case, these documents will be supplied to Dr. Hung from the Board. The training must be completed by June 1, 2011.
- 3. As an alternative basis for release from probation, Mr. Kessler may present the Board with an education plan on professional and sexual boundaries as a substitute to the training by Dr. Hung, which may be approved by the Board Chair on behalf of the Board.

This Consent Order is approved by the Board January 7, 2011.
