Promoting & Protecting the Health of Iowans

For the vast majority of people, office pools, lottery tickets or a trip to the casino are harmless entertainment. For some, however, gambling leads to serious problems that also harm people close to them and the wider community. For problem gamblers, the Iowa Gambling Prevention and Treatment Program is here to help.

Gambling had taken control of Jeff's life two years ago. In that short time, he amassed nearly \$110,000 in credit card debt and was on the verge of bankruptcy. He spent hours away from his family and work to be at the casino. He opened extra credit cards and maxed them out. As the bills began to catch up, he knew he needed to stop but couldn't put the brakes on his habit himself. "I didn't know what I was going to do," he said. "Without Allen Hospital's gambling treatment program, I wouldn't have been able to quit. Treatment hasn't been easy but I've learned to cope with stress and the urges to gamble. I've got a long ways to go to be out of debt but I know I have the skills to do it.... I have hope."

Did you know?

Over the past 20 years, Iowa has seen a dramatic increase in gaming opportunities. Iowans can choose from 18 casinos licensed by the Iowa Racing and Gaming Commission, three tribal casinos, 2,400 lottery outlets, 3,350 social and charitable gaming licenses, as well as numerous internet and other illegal gaming opportunities. The cumulative effect of this increase is easy access to gambling in every county of the state.

Why is Gambling Prevention & Treatment important to promoting and protecting the health of Iowans?

- From the UNI-CSBR report [Gambling Attitudes and Behaviors: A 2011 Survey of Adult Iowans](#), we have learned:
 - Approximately 12% of all adult Iowans experienced a symptom of problem gambling in the past 12 months.
 - More than 1 in 5 (22%) of adult Iowans have been negatively affected by the gambling behavior of a family member, friend, or someone else they know.
- Iowans with gambling problems report money spent gambling led to financial, personal, family, and work problems.
- Treatment is effective in reducing or eliminating gambling and associated problems like debt and employment problems.
- The 1-800-BETS-OFF helpline and website offer Iowans help and information.
 - In SFY 2013 over 4,000 calls were logged to the helpline and over 14,000 visits were made to www.1800betsoff.org.
