WEBINAR SERIES

Taking Steps to Address the Impact of Falls in Iowa

Who should attend?
- Anyone working to reduce the impact of falls in Iowa
- Health care providers
- Public health providers
- Area Agencies on Aging
- Accountable Care Organizations

Webinar - Part One

Wednesday, April 22, 2015 10:00 – 11:00 AM
To register for Part One, please visit www.iowapha.org/events

Part I will present current Iowa data on falls and present opportunities for local public health agencies and partners to prevent falls at a community level through evidence-based fall prevention programs.

- Welcome and overview – Carlene Russell, Iowa Dept. on Aging
- Overview of falls in Iowa – Binnie LeHew, Iowa Dept. of Public Health
- Addressing Falls through CHNA/HIP process and local collaborative efforts – Julie Towne, Carroll County Public Health
- Overview of evidence-based fall prevention programs – Mark Hanson, Iowa Association of Area Agencies on Aging
- Modifying fall prevention programs for adults with disabilities - Center for Disabilities and Development at the University of Iowa

Webinar - Part Two

Wednesday, May 27, 2015 10:00 – 11:00 AM
To register for Part Two, please visit www.iowapha.org/events

Part II will explain implementation of the STEADI toolkit across the continuum and Medicare coverage for fall prevention services. It will also present how to establish partnerships for fall risk screening and referral in your community.

- Welcome and overview – Carlene Russell, Iowa Dept. on Aging
- Implementation of the STEADI toolkit and Medicare innovations to prevent falls – Cyndi Schmidt, Iowa Healthcare Collaborative
- Establishing Partnerships for Screening and Referral in Your Community – Trina Radske-Suchan, YMCA Healthy Living Center
