Fight Back By Knowing the Facts:

- Anyone can get sick
- Peak biting hours are from dusk to dawn
- Wear a mosquito repellent containing DEET
- Wear light colored, long–sleeved shirts and pants
- Eliminate standing water where mosquitoes breed
- Change water in birdbaths and pet bowls every 3-4 days
- Turn over items in your yard where rainwater can collect
- Windows and doors should have tight fitting screens
- Make sure roof gutters are clean and in good repair; and
- Repair leaky outdoor faucets, air conditioners, and hoses
