

COMPASS Tool Training Tuesday, July 7 from 10—11am (phone conference)

As part of the process to provide services to individuals with co-occurring mental health and substance abuse disorders, participating agencies and programs are encouraged to use the **COMPASS** in their program to engage staff in a conversation to assess baseline co-occurring disorder capability.

Ken Minkoff, MD and/or Christie Cline, MD, MBA will be available July 7th to provide training and answer questions on the COMPASS. This is part of the ongoing technical assistance to the state of Iowa in its efforts to enhance capacity to provide services to individuals with co-occurring mental health and substance abuse disorders.

For information on obtaining a compass tool, please contact Brenda Hollingsworth at the University of Iowa at brenda-hollingsworth@uiowa.edu Phone conference access numbers for July 7th are: dial-in/1-888-346-3950; participant entry code/5436353#
