

Substance Abuse and Mental Illness: An Integrated Treatment Focus

Free Web Conference

Friday April 3, 10:00am CDT
(11:00 Eastern; 8:00am Pacific)

CEUs Only \$10!

Please join us Friday, April 3 at 10:00 AM CDT for a free web conference titled, [Substance Abuse and Mental Illness: An Integrated Treatment Focus](#). This program may be viewed at www.MIMHTraining.com/webconferences

The core of this training is to introduce the Substance Abuse and Mental Health Services Administration (SAMHSA) and its Center for Mental Health Services (CMHS) Evidence-Based Practice Implementation Resource Kit: Integrated Dual Disorders Treatment (IDDT). IDDT is recommended for people who have co-occurring disorders, most specifically serious mental illness and substance disorders. The goal of this training is to increase the understanding of and encourage the use of evidence based practices in relation to assessment and treatment planning for this population. This introduction training is targeted toward any professional working with individuals with co-occurring serious mental illness and substance disorders. An eclectic approach to learning using discussion and case examples will be provided.

Craig Miner, MA, LPC, CASAC, received his master's degree in counseling psychology from Ball State University in Indiana with honors. He is a Licensed Professional Counselor and obtained certification in Missouri as a Certified Advanced Substance Abuse Counselor. Craig works full-time for Places for People as their Integrated Treatment Director. Under this title, he develops and implements integrated treatment programming. Additionally, Craig works as an Adjunct Assistant Professor at Saint Louis University teaching a course in substance abuse interventions. He has 20 years of experience in the behavioral health field as a clinician, teacher and trainer and in program development specifically in substance abuse.

As always, CEUs will be available for those interested for only \$10 per person. The application link is available during and immediately following the program.

If this will be your first time joining one of these presentations, we encourage you to view our test video at your convenience. This may be seen by clicking [here](#).

Also, don't forget our program Tuesday, March 31. Dr. George Ulett will be presenting [Sleight of Mind](#).

Thank you for your interest in our programs. Our website, www.MIMHTraining.com, is constantly updated with information regarding all of our training programs, now available in two live and two enduring formats. We hope you find these programs useful.

Please feel free to reply to this message with any questions and to forward it to colleagues who may be interested.

Sincerely,

MIMH Training
