MIECHV (Maternal, Infant, Early Childhood Home Visitation) Program

What is MIECHV all about?

Provides:

- Maternal, Infant, and Early Childhood evidence-based home visitation services to at-risk young children to improve their health and development.

Designed:

- (1) to strengthen and improve the programs and activities carried out under Title V and other community service providers; (2) to improve coordination of services for at-risk communities; and (3) to identify and provide comprehensive services to improve outcomes for families who reside in at-risk communities.
Programs are required to use evidence-based home visiting models and establish quantifiable, measurable benchmarks that demonstrate:

- improvements in maternal and child health,
- childhood injury prevention,
- school readiness and achievement,
- crime or domestic violence,
- family economic self-sufficiency, and coordination with community resources and supports.
WHERE is MIECHV?
