IAC will develop partnerships and infrastructure, and conduct successful activities

- Identify and eliminate asthma disparities in Iowa
- Assess Iowa's asthma burden to identify disparities, high-risk populations and trends
- Support asthma awareness and partnerships to address asthma in Iowa
- Improve systems of asthma care in Iowa
- Reduce barriers to self-management for people with asthma in Iowa
- Reduce exposure to environmental factors that cause and/or exacerbate asthma in Iowa
 - Open Discussion – Iowa Asthma Coalition
 - Rebuilding
 - Designate - 3 key initiatives under each priority area (2007-2010) for the IAC
